**Project CHILD®  
National Demonstration Sites  
Announced**

Innovative Educational Programs LLC announces the selection of **Three National Demonstration Sites** for the 2015-2016 school year. These sites will host visitors to showcase innovative methods for school improvement and reform.

**National Demonstration Sites** are schools that have been successfully implementing CHILD as a school wide model for at least three years. These schools have documented success with student achievement and school reform indicators.

**Project CHILD** (Changing How Instruction for Learning is Delivered) is a 21<sup>st</sup> century research-based instructional model for K-5 schools. The focus is on professional collaborative teaming, teacher instructional expertise, differentiated learning, student engagement and technology infusion.

The schools have demonstrated positive results with CHILD in the following areas that are aligned with 21<sup>st</sup> Century Skills:

- Documented academic success for students
- High degree of student involvement using technology and hands-on learning
- Professional leadership by highly qualified teachers and administrators
- Collaborative team teaching
- Strong focus on core subjects of reading, writing and mathematics
- Positive student behavior and accountability
